## THE RALLY

Verve Rally is a luxurious adventure travel experience. It's not a race nor a time trial, but more of a grand tour. You'll be driving magnificent roads on hand-selected routes through gorgeous scenery, staying at stunning accommodation along the way. All the details are taken care of, so you can just enjoy the ride. An events team with support vehicles travel with you, and provide a luggage service.

You can either bring your own car or rent from one of the Rally's partners – including everything from Aston Martin to Ferrari, Bentley to McLaren. Currently, the rallies range between six and nine days, with a new three-day route coming soon.

### THE SUPERCAR CLUB

Rotate Club is a genuinely novel addition to the supercar club landscape. The 'rotate' part refers both to working your way through the stable of different supercars, and also to the continually refreshed line-up – with no cars ever more than three years old. The current fleet includes a Lamborghini Aventador S Coupe, Ferrari California T HS Pack and Audi R8 V10 Spyder, so there's plenty to get excited about. As a member, you also get exclusive event invitations, VIP experiences, and hand-picked offers aligned with your interests.
